

BULLETIN

WHEN YOU MOVE A GAME
RE-REGISTER IT!

UPDATE YOUR ONLINE LOCATIONS

The **Find a Game** app is the most used feature on all of the IT game websites. Players are looking for places to play Golden Tee LIVE & Silver Strike Bowler's Club. If your locations aren't listed properly, players will not find them and you will lose out on substantial earnings!

● UPDATING YOUR LIST IS EASY!

Simply log in to your Operator Account at www.itsgames.com, and select Manage Cabinet Locations. You can review your current location list and edit any that are incorrect.

Or, fax in an ITNet Game Registration Form with corrected location info to 847-870-0120 and we will enter your new data for you. Forms can be found in your online game manuals, or in the Support section of itsgames.com.

● INCLUDE YOUR OFFLINE LOCATIONS TOO!

The Find a Game app now allows players to find locations with offline games like PowerPutt and Target Toss Pro! Just fax in your PowerPutt and Target Toss Pro location lists to 847-870-0120 and we'll enter them for you!

● UNREGISTER OUT OF SERVICE GAMES

If you have pulled any online games from your route, even temporarily, please fax in a Game Registration Form to 847-870-0120 and check the Unregister box. This will remove the game from the Find a Game app so players are not disappointed when visiting that location.

Thank You for Your Incredible Support!
